

**Grain Valley Schools
AMI Day 1 ~ 5th Grade**

**Please complete the activities and return
them to your teacher.**

Name: _____

Directions: Write a story about your ideal snow day. This can be in a paragraph or comic strip form.

A large, empty rectangular box with a black border, intended for the student to write their story or draw a comic strip about their ideal snow day.

Rounding Whole Numbers

What You Need

- Recording Sheet

What You Do

1. Take turns. Pick a number on the **Recording Sheet**.
2. Round the number to the nearest ten and the nearest hundred.
3. Your partner checks your answers. If correct, write them on the **Recording Sheet**. If not correct, work with your partner to correct them.
4. Your partner rounds the same number to the nearest thousand.
5. Check your partner's answer. If correct, your partner writes the number on the **Recording Sheet**. If not correct, work with your partner to correct it.
6. Continue until the **Recording Sheet** is complete.

When I round to the nearest thousand, I think about which thousand my number is closer to on a number line. Is 6,345 closer to 6,000 or 7,000?

Check Understanding

Round 6,271 to the nearest hundred.

Go Further

On a separate sheet of paper, write two numbers that round to 3,000 when rounded to the nearest thousand. Exchange papers with your partner to check.

Partner A:
